GENERAL INFORMATION

This section provides general and background information needed to understand the regulatory and programmatic context of this RFP. This section also describes important details regarding the services and stakeholders related to this RFP, as well as characteristics of any agreements that may result from this RFP.

About Partner4Work

TRWIB, Inc. (dba “Partner4Work”) is the workforce development organization that connects funding, expertise, and opportunities to develop a thriving workforce in Pittsburgh and Allegheny County. With a budget of more than \$30 million in public and private workforce funds, Partner4Work has a comprehensive portfolio of programs and initiatives for adults and youth to ensure that the current and future needs of employers, job seekers, underemployed workers, and justice impacted individuals are met.

Purpose of this RFP

Partner4Work is issuing this Request for Proposals (RFP) to identify one or more qualified agencies to deliver the workforce services of the Allegheny County EARN—Employment, Advancement and Retention Network—and Work Ready programs, which provide case management, career services, supportive services, training services, and job placement and retention services to clients of Temporary Assistance to Needy Families (TANF) and the Supplemental Nutrition Assistance Program (SNAP) in Allegheny County. The EARN and Work Ready programs are separate, but strongly connected programs, as further defined below. Applicants must submit a proposal to provide both EARN and Work Ready services to be considered for this RFP. Proposals submitted to provide only EARN or only Work Ready services will not be considered.

In 2025, Partner4Work intends to begin facilitating physical and programmatic integration of EARN/Work Ready and the One-Stop system. These efforts will include co-location with Workforce Innovation and Opportunities Act (WIOA) and One-Stop contracted providers with the expectation of an integrated service delivery model that comprehensively serves local residents in holistic and meaningful ways.

Partner4Work is seeking experienced and qualified organizations with a proven success in provision of workforce development services in a collaborative and integrated system with Workforce Innovation and Opportunities Act (WIOA) One-Stop partners. Selected applicants will propose and implement an integrated workforce development model effective with TANF and SNAP clients, combining strong case management and supportive services with effective job preparation, placement and retention. Preference will be given to applicants with proposals with both co-located and integrated workforce development service models. The period of performance will include a base contract year that begins on July 1, 2025 and ends on June 30, 2026, and three subsequent option years, exercised at the discretion of Partner4Work.

Program Overview

Partner4Work seeks qualified service providers to ensure clients of the EARN and Work Ready programs participate in a high-quality service strategy that will assist them in developing and attaining meaningful goals related to career planning, skill attainment, educational attainment, advanced training, job placement, job retention and self-sufficiency outcomes.

The EARN and Work Ready programs are designed to engage recipients of TANF and SNAP in activities that prepare them for employment and provide them with opportunities to become self-sufficient. EARN and Work Ready are administered and funded separately by the Pennsylvania Department of Human Services (PADHS), although requirements for both programs are similar. Proposals in response to this RFP must include delivery of both EARN and Work Ready services. Successful applicants will likely be awarded separate contracts by Partner4Work for each program; however, applicants

are encouraged to consider arrangements for coordinating and leveraging resources across these two programs as well as other partnerships within the integrated system, assuming all applicable rules and regulations are followed.

Participants of EARN and Work Ready are referred to programs through PADHS by staff of local County Assistance Offices (CAO). TANF recipients for whom the CAO assigns a work requirement are referred to the EARN program. If a TANF recipient with a work requirement has exceeded five or more years of cash assistance, known as Extended TANF, or ETANF, the CAO refers them to the Work Ready program. SNAP recipients generally may participate in the EARN program on a voluntary basis, whereas participation of TANF recipients with a work requirement is generally mandatory, with some exceptions. Providers of EARN and Work Ready services are also expected to conduct outreach to potential participants and encourage a process called “reverse referral,” through which the potential participant will seek a referral for EARN or Work Ready from the CAO. Conducting outreach toward the goal of reverse referral will be a required activity of applicants selected through this RFP.

As clients participate in EARN or Work Ready programming, they remain connected with their CAO caseworker, fulfilling any further conditions of their public assistance. Although EARN and Work Ready service providers work closely with the CAO, they do not directly administer cash assistance or any other TANF or SNAP benefits, which is handled exclusively by the CAO.

EARN and Work Ready programs in Allegheny County are administered by Partner4Work, the City of Pittsburgh, and Pittsburgh Community Services, Inc., separately, although clients may choose to participate in the EARN or Work Ready programs of either administrator regardless of whether they live in or outside the City of Pittsburgh. See the following section for more details regarding EARN and Work Ready program locations administered by Partner4Work.

The Allegheny EARN and Work Ready programming has seen changes in numbers served over the past several years. The last two years have shown a return to pre-pandemic numbers for enrollments. In Program Year 2022-2023, the Allegheny County EARN and Work Ready programs enrolled a total of 730 cases. The 2023-2024 Program Year enrolled a total of 594 cases.

Population to be Served

The EARN and Work Ready programs receive referrals from the general population of TANF and SNAP recipients in Allegheny County, which represents a diverse range of individuals who present differing levels of experience, skills and barriers to employment. Clients who enroll in EARN or Work Ready generally seek various career and educational goals, requiring a staff capable of differentiating services to accommodate client backgrounds and experiences. Most EARN and Work Ready clients do not have education beyond a high school level (Appendix D). Most are women (Appendix D). Selected applicants will have demonstrated experience in delivering workforce development services to a similar population on a comparable scale.

In Program Year 2023-2024, the Allegheny County EARN program enrolled 436 participants and the Work Ready program enrolled 158 participants. In a normal program year, approximately 45% of participants are served by the downtown center and 55% are served evenly between Lawrenceville, Duquesne and Wilkinsburg centers. Appendix D of this RFP provides an overview of TANF and SNAP participation and past demographic data for the EARN and Work Ready programs in Allegheny County.

Regulatory Environment

Partner4Work administers the EARN and Work Ready programs with funding provided by TANF and SNAP through grants from PADHS, the state agency responsible for the fiscal, administrative, and programmatic oversight of TANF and SNAP employment and training programs in Pennsylvania. As such, the federal, state, and local rules and regulations governing TANF and SNAP apply to any agreement resulting from this RFP. All qualified parties interested in submitting an

application in response to this RFP must be familiar with the federal and state goals and requirements, and system of record (CWDS) related to TANF, SNAP and all implementing guidelines.

Key sources of guidance and regulation for the EARN and Work Ready programs are listed below. The selected applicant(s) must be familiar with these and other relevant sources of guidance.

- EARN Program Policy and Procedures Manual (PADHS) and Work Ready Program Policy and Procedures Manual (PADHS) , referred to herein as the “PADHS Manuals” and posted to the webpage hosting this RFP.
- Cash Assistance Handbook (PADHS), especially Chapter 135: Employment and Training Requirements.¹
- Supplemental Nutrition Assistance Program (SNAP) Handbook, especially Chapter 135: Employment and Training.²
- TANF State Plan for Pennsylvania.³
- Local and regional workforce development plans published by Partner4Work, effective during the period of any agreements resulting from this RFP.⁴
- Pennsylvania WIOA Combined State Plan
- OMB Uniform Guidance: Standards for Financial and Program Management ⁶

EARN and Work Ready Centers

Presently, Partner4Work maintains contracts for EARN and Work Ready service delivery in four different locations, known as centers—Downtown Pittsburgh, Lawrenceville, Duquesne and Wilkinsburg—each operated by a different contracted service provider. As TANF and SNAP recipients are referred to the EARN or Work Ready program by their CAO caseworker, they have the option to choose which center they would like to enroll in. Under the current model, the Downtown center provides a central, convenient location for participants throughout Allegheny County, while the centers in Duquesne and Wilkinsburg reflect areas with large concentrations of TANF and SNAP recipients, making the composition of those centers more representative of the surrounding neighborhoods. Partner4Work does not maintain site control or ownership of any of the centers, rather, each center is managed by separate agencies through contracts with Partner4Work, through the same agreements that govern delivery of EARN and Work Ready services.

With this procurement, Partner4Work is looking to strengthen the EARN and Work Ready integration into the public workforce development system. That will include both the co-location and integration at one or both of the current PA CareerLink® offices as well as potential sites for neighborhood based services in priority neighborhoods. The PA CareerLink® offices are located in Downtown Pittsburgh at 914 Penn Ave Floor #6, Pittsburgh, PA 15222, in Wilkins Township 300 Penn Center Blvd BLDG 3, Floor #8, Pittsburgh, PA 15235. A bidder does not need to be able to fulfill both geographic requirements, but we will be prioritizing funding providers that can collectively build the system we want to see implemented.

Partner4Work is seeking proposals from organizations that understand the objectives, key stakeholders, and the synergies between these WIOA, SNAP, TANF and other One-Stop partner programs and have successfully implemented integrated models that combine services from the Workforce Innovation and Opportunity Act (WIOA) and Temporary Assistance for Needy Families (TANF) under a unified system. Proposals must outline how the service provider will integrate EARN and Work Ready services with One-Stop system operations, reducing barriers to employment and improving self-sufficiency outcomes for participants. Proposed efforts and strategies should enhance service delivery, improve participant outcomes, and streamline access to resources.

In Program Year 2023-2024, the Allegheny County EARN and Work Ready programs served 1,290 individuals. Partner4Work expects to serve up to 1,000 individuals in the EARN and Work Ready programs in PY 25-26. In the program year 2023-2024 approximately 45% of participants receive services by the downtown center and 55% are served between the EARN and Work Ready centers located in Duquesne, Wilkesburg, and Lawrenceville.

All proposals must clearly describe innovative co-location and integration efforts that support the unique needs of EARN and Work Ready participants while describing efforts to work collaboratively with Title 1 service providers and other workforce partners in the One-Stop system. Through this RFP, Partner4Work intends to procure service provision for the EARN and Work Ready programs within a co-located and integrated service delivery model; however, applicants are welcome to propose different geographic satellite locations as appropriate. Proposals with different geographic locations must provide justification based on clear rationale and well-established data, including but not limited to ease of access, proximity to prospective EARN and Work Ready clients, added value of additional services or resources, and any other factor supporting the proposed location. These include but are not limited to connections with established community service partnerships in high need areas, collaborative efforts and infrastructures with a local model that supports participants goals and needs. Please refer to attached documents (Appendix D) for additional information pertaining to high need neighborhoods and EARN and Work Ready populations found throughout Allegheny County.

Regardless of location, proposed EARN and Work Ready centers must provide consistent and convenient access to the full spectrum of services defined by the Statements of Work located in Appendix A and B and have the capacity to serve (in person or remotely) at least several hundred EARN and Work Ready clients per year, during normal business hours, at minimum. Proposals must also demonstrate a strong capacity to deliver all EARN and Work Ready services virtually, according to the needs of clients, requirements of PADHS, and status of health and safety guidelines related to COVID-19 or other public health threats.

Description of WIOA and One-Stop Centers in Allegheny County

Partner4Work intends to procure service provision for the EARN and Work Ready programs within a co-located and integrated service delivery model. The One-Stop system is composed of service providers and community partners defined by WIOA standards.

WIOA is the primary federal law governing the funding and provision of workforce development services to job seekers, employers, and other stakeholders in the United States, primarily administered by the US Department of Labor (USDOL). WIOA is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy. Please visit the USDOL website at www.dol.gov/agencies/eta/wioa for a more thorough overview of WIOA.

In many ways, the cornerstone of WIOA is a One-Stop service delivery system that meets the needs of dual customers: the job seeker and the employer. One-Stop centers, also known as American Job Centers, include a collection of agencies responsible for providing seamless service delivery to job seekers and employers. In Pennsylvania, the One-Stop system is branded and referred to as "PA CareerLink®." The PA CareerLink® system is measured by its effectiveness, accessibility, and continuous improvement, demonstrated by its ability to achieve negotiated performance goals, integrate available services, and meet the workforce development and employment needs of local employers and job seekers. There are two comprehensive One-Stop centers in the Pittsburgh area – PA CareerLink® Downtown Pittsburgh and PA CareerLink® Allegheny East – offering the full range of PA CareerLink® services and seeking to ensure a prosperous region with a fully employed workforce. In addition to the One-Stop centers, PA CareerLink® provides a basic level of assistance and services to customers virtually and in community-based settings, through partner agencies that provide access to host locations for staff of PA CareerLink®.

The selected bidder must offer all services described in this RFP in a highly collaborative environment at both of the PA CareerLink® centers, as well as virtually and in community-based settings throughout Allegheny County. Bidders may

propose arrangements conducive to the success of their proposed model, as allowed and appropriate, even if such arrangements differ from those described in this RFP.

Locations and hours of operation for the comprehensive centers are provided below, which are subject to change at any time throughout the contract period. See Appendix G for further descriptions of each center. Partner4Work has site control, maintains the leases and/or pays facility costs at both centers.

PA CareerLink® Downtown Pittsburgh
914 Penn Avenue
Pittsburgh, PA 15222
Hours: 8:30am to 4:00pm

PA CareerLink® Allegheny East
300 Penn Center Blvd., BLDG 3, Floor 8
Pittsburgh, PA 15235
Hours: 8:30am to 4:00pm

The spectrum of basic and individualized services offered to job seekers and businesses at PA CareerLink® centers in Pittsburgh and Allegheny County is delivered by core partners of the One-Stop system defined by WIOA, in close coordination, including Title I: Workforce Development Activities (Title I-B Adult, Dislocated Worker, and Youth Services); Title II: Adult Education and Literacy Act programs administered by the Department of Education (DoED); Title III: Wagner-Peyser Act employment services administered by the Department of Labor (DOL); and Title IV: Rehabilitation Act Title I programs administered by DoED. In addition to the core partners, PA CareerLink® centers are host to numerous other partner agencies who enrich the centers with valuable career, educational and related resources. See WIOA 121(b)⁵ for more information on required and additional partner programs. Applicants are encouraged to familiarize themselves with the One-Stop system.

Additionally, Partner4Work leverages relationships and agreements with other system partners to further support EARN and Work Ready participants, outside the scope of contracts with EARN and Work Ready providers, including working with local partners to provide basic educational services, transportation assistance, financial literacy and consultation, and language access services.

EARN and Work Ready Integration within PA CareerLink® and the Public Workforce System

In 2025, Partner4Work will begin facilitating the physical and programmatic integration of EARN and Work Ready service delivery into the current PA CareerLink® Downtown Pittsburgh and PA CareerLink® Allegheny East locations. The selected applicant(s) will be required to physically locate staff within PA CareerLink® Downtown Pittsburgh and PA CareerLink® Allegheny East centers. Appendix G provides office layout mapping for both PA CareerLink® locations. Program integration and physical co-location will expand referral networks to include the partners and services within PA CareerLink® and approved applicants will then become a core partner within the One-Stop system. Please refer to the 2024 One-Stop Partner Memorandum of Understanding for the City of Pittsburgh and Allegheny County, which defines the regulatory and operational requirements of the One-Stop system. The document is located on the Partner4Work website⁶. Strong proposals should include intentional and effective incorporation of integrated service delivery that lends itself to co-location.

Program Dates

Selected applicants will begin delivering the full range of services as described herein on July 1, 2025. Selected applicants will be required to continue to fully serve participants already enrolled in the EARN and Work Ready programs as of July 1, 2025. Any agreements resulting from this RFP will include four 12-month contract periods, as shown in the table below, with the second, third and fourth contract periods renewable at the discretion of Partner4Work, based on performance of selected applicants and funds available. Partner4Work reserves the option to modify contracts on a year-to-year basis. The Agreement is not renewable after the fourth 12-month period. Should the outcome of this procurement result in a change of service providers and/or EARN and Work Ready centers in Allegheny County, Partner4Work reserves the right to negotiate a transition period during which incoming and outgoing providers work concurrently to ensure a smooth transition and minimize disruptions to job seekers and employers. Such a transition period could accelerate the start date of any agreements resulting from this RFP by an estimated period of one month, requiring the selected applicant(s) to begin on June 1, 2025.

Anticipated Award

As a result of this RFP, Partner4Work expects to award one or more cost-reimbursement contracts (see below section on cost reimbursement). Partner4Work intends to provide up to \$3.5 million (in total) for delivery of all EARN services and \$1.1 million (in total) for delivery of all Work Ready services, as described in this RFP, for the period of July 1, 2025 – June 30, 2026. The actual amount of award will be based on the proposed budgets, availability of funds, and standards for the use of public funds (all costs must be reasonable and necessary to carry out the planned functions, allowable, and allocable to the proper grant/cost categories). Partner4Work is unable to define with certainty the TANF and SNAP allocation (administrative and programmatic funds) that will be made available for any agreements resulting from this RFP. Final funding awards will be based on TANF and SNAP funding allocations, Partner4Work priorities and other factors, at the discretion of Partner4Work. Partner4Work reserves the right to vary or change the terms of any contract executed as a result of this RFP, including funding levels, the scope of work, performance standards, and shortening or extending the contract period, as it deems necessary and in the best interests of Partner4Work.

Statements of Work

The detailed Statements of Work (SOW) for the EARN and Work Ready services procured by this RFP are included in Appendix A and B, respectively. Interested applicants must carefully review the required activities, standards, and expected outcomes defined in the SOWs, as much or all of the content therein will be incorporated into any agreements resulting from this RFP. Strong proposals will clearly demonstrate a full understanding of the SOWs and include effective approaches to meeting SOW requirements. Applicants must submit a (single) proposal to provide both EARN and Work Ready services, as described in the appended SOWs, to be considered for this RFP.

Performance Expectations

EARN and Work Ready programs must meet or exceed performance standards and goals established by PADHS and Partner4Work. The standards and goals established by PADHS and Partner4Work are subject to change. A summary of the primary standards is provided below. Full descriptions of these standards and others that will apply to agreements resulting from this RFP can be found in the Statements of Work located in Appendix A and B, and in the PADHS Manuals. Interested applicants are highly encouraged to review and understand the performance standards described below and

elsewhere in this RFP before deciding to apply. Strong proposals will clearly demonstrate how these standards will be met or exceeded.

Proposals can be strengthened with additional targeted performance goals in the following areas:

- Employment that meets or exceeds Partner4Work self-sufficiency wage;
- Vocational training and industry-recognized certifications, focusing on high-demand fields such as healthcare, manufacturing, and information technology; etc⁷.
- Partnerships with employers across key sectors (e.g., healthcare, manufacturing, IT, and customer service) with commitments to offer job placements, internships, and work based training for program participants (letters of support from employers will not count towards your page count);

Program Cost Reimbursement

All funds for any agreement resulting from this RFP will be made available on a cost reimbursement basis. This means your organization must have the financial capacity to pay all program costs up front. Partner4Work will require an invoice, proof of expenses, and required documentation to process a reimbursement. Partner4Work will only reimburse the provider for actual expenses incurred during the effective dates of the contract. The reimbursement timeline will be finalized during the contract negotiation. Allowable costs will be determined by all applicable federal, state and local regulations, including but not limited to the Uniform Guidance⁸ and TANF and SNAP regulations.

In the past, PADHS and Partner4Work have made some portion of total funding for EARN and Work Ready programs available to contracted providers through performance payments. Partner4Work reserves the right to reinstate the practice of partially funding EARN and Work Ready contracts through performance payments at any time during the term of agreements resulting from this RFP.

One-Stop Operating Costs vs. EARN and Work Ready Provider Costs

The provider of EARN and Work Ready Services is responsible for the cost of supplies and equipment that are not considered One-Stop operating costs and are not shared by partners of PA CareerLink®, but are necessary to carry out the provision of EARN and Work Ready Services, as described in this RFP. Applicants do not need to include costs that would be considered One-Stop operating costs shared by partners of PA CareerLink® in proposal submission. Refer to Partner4Work’s WIOA One-Stop Partner Memorandum of Understanding for an in-depth overview of PA CareerLink® operating budgets, the Infrastructure Funding Agreement (IFA), and mechanisms for shared cost allocation. Through the One-Stop budgeting and resource sharing process, staff of PA CareerLink® partner agencies, including the contracted provider of EARN and Work Ready services, are provided with the following:

- basic office furnishings; including approximately 1 office and 7-10 workstations within a cubicle setting per PA CareerLink® office
- access to equipment, which includes standard furniture, such as a cubicle or office room, desk, chair, and file storage;
- telephone service and related equipment (e.g., desk phone);
- internet service, including Wi-Fi; and access to multifunction printer/copier/scanners.

Shared operating costs also include rent, utilities, and building maintenance services, as well as information technology, equipment, and supplies common to all PA CareerLink® partners utilizing the one-stop centers (e.g., conference rooms, signage, brochures) or made available to the public (e.g., Career Resource Center, classrooms). Workspaces may also be shared through flexible scheduling or hybrid service delivery. Final schedules and work locations will be determined in collaboration with current partners.

Contracted service provider is responsible for the following cost of supplies and equipment that are not shared by One-Stop Partners: Such costs include but are not limited to

- general office supplies,
- laptops or desktop computers for EARN and Work Ready staff,
- software applications, server(s) or cloud storage to host files and information, and
- service/support for information technology specific to the EARN and Work Ready operation.

⁸ See the Office of Management and Budget’s Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards at 2 CFR 200.

Ownership of equipment, materials and supplies, including computing devices, will be determined by the Uniform Guidance. Proposals that include additional neighborhood site locations (beyond aforementioned PA CareerLink® offices) should account for all relevant costs associated with operations, site administration and program service delivery.

The supplies and equipment in use by the current provider of EARN and Work Ready Services may be available to an incoming provider in the case of a transition. If a transition occurs, the condition and ownership of all EARN and Work Ready supplies and equipment would need to be assessed to determine appropriateness for use by the incoming provider. As such, non-incumbent applicants should include and clearly identify the costs of supplies and equipment necessary to carry out the activities of their proposed budgets, excluding One-Stop operating costs that are shared by partners of PA CareerLink®. These costs should be well-described in the budget narrative so Partner4Work can identify and classify one-time start-up costs, allowing proposal reviewers to differentiate them from the ongoing, longer-term costs of the proposed EARN and Work Ready operation. If a provider transition occurs, one-time start-up costs will be determined and negotiated during or after contract award.

Health and Safety Planning

Partner4Work is committed to ensuring programs are equipped and prepared to operate safely. In delivering EARN and Work Ready services, the selected provider must follow all federal, state, and local regulations regarding health and safety, including but not limited to the Centers for Disease Control (CDC), the Pennsylvania Department of Health, and the Allegheny County Health Department. Provider must establish and maintain a plan to address all operational and programmatic considerations related to COVID-19 or other outbreaks and emergencies, including providing adequate protective equipment and other preventative measures, having a plan for swift action for containment or mitigation, social distancing and limitations on large gatherings, specific protections for vulnerable populations, and any other considerations defined federal, state, and local regulations and Partner4Work.

How can you partner with us?

Through this RFP, Partner4Work seeks to identify one or more qualified agencies to provide a broad range of career, training and supportive services to EARN and Work Ready clients in a highly collaborative and integrated environment, the goal of which is to connect clients with employer-driven job placement and educational opportunities, creating pathways for economic and career success. Selected applicants(s) will be subrecipients of TANF and SNAP funding from the Pennsylvania Department of Human Services (PADHS) through an agreement with Partner4Work.

Potential applicants must think strategically and innovatively about proposing an integrated and co-located service delivery model that best meets the needs of EARN and Work Ready clients. Qualified applicants must have an understanding of EARN and Work Ready program goals, integration challenges and opportunities within the One-Stop system, and have an approach to service delivery across multiple programs. Applicants should speak to the ability to sustain partnerships with local employers, WIOA One-Stop providers and community partners.

Partner4Work intends to procure service provision for the EARN and Work Ready programs in a co-located space at the Downtown Pittsburgh or Wilkins Township PA CareerLink® offices (see the section on EARN and Work Ready centers above); however, applicants are welcome to propose different geographic satellite locations with appropriate justification. Proposals for alternative neighborhood locations should be based on clear rationale and well-established data, including but not limited to ease of access, proximity to prospective EARN and Work Ready clients, added value of additional services or resources, and any other factor supporting the proposed location including but not limited to connection to established community service partnerships in high need areas, collaborative efforts and infrastructures with a local model that supports participants goals and needs.

Who can apply?

Eligible applicants include non-profit and for-profit organizations, private sector entities, educational institutions, community-based organizations and other entities operating in accordance with federal, state and local law, and in business for at least three years. Applicants must be an incorporated organization. **Eligible applicants must be in good standing with the federal government, not debarred, and have proof of insurance and a Unique Entity ID number.** Organizations currently barred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by a Federal, State, City or County department/agency, quasi-governmental agency, or Partner4Work (Partner4Work) are ineligible to apply. See Appendix E for more information on administrative requirements for selected applicants.

A group of two or more applicants may apply as a consortium, but the lead applicant/fiscal agent must be clearly identified. In this scenario, Partner4Work will contract with one lead organization. All entities whether directly contracted or subcontracted via the lead applicant/fiscal agent will be held to the requirements of federal, state, and local policies. Appendix A – Statement of Work: EARN Program

1. SUMMARY

The Employment Advancement and Retention Network (EARN) program is designed to assist participants of Temporary Assistance for Needy Families (TANF) and the Supplemental Nutrition Assistance Program (SNAP) in their transition from receiving public benefits to sustained participation in the workforce, moving clients toward self-sufficiency and meaningful employment and eliminating their need for public assistance. SUBRECIPIENT will implement an innovative, integrated and holistic employment and training model to deliver EARN services that aligns with the PARTNER4WORK vision of an integrated workforce development system and complies with all federal, state and local rules and regulations governing EARN and other TANF and SNAP activities.

SUBRECIPIENT will provide workforce development and supportive services, including but not limited to job readiness, vocational training and education, work-based training, job search, job placement, job retention, credentialing, case management and other job-related services to eligible TANF and SNAP clients in Allegheny County per the requirements of the EARN program. The County Assistance Office (CAO) of the Pennsylvania Department of Human Services (PADHS) will determine client eligibility for the EARN program and refer clients to the EARN program based on CAO policies and procedures. SUBRECIPIENT will work closely with PARTNER4WORK to promote their program to the CAO and provide a high level of customer service to CAO staff at all points of interaction.

In providing the services described herein, SUBRECIPIENT will maintain and employ a current knowledge of effective workforce development and case management practices, ensure meaningful client participation in required work and work-related activities, as determined by the CAO, leverage the resources of the broader workforce development and social services system in Allegheny County and follow all applicable federal, state and local laws and policies. This will allow clients to receive comprehensive services and referrals from a variety of internal and external partners in one location, reducing previously known barriers to access.

Unless otherwise noted, the requirements of this STATEMENT OF WORK apply to both TANF and SNAP participants. SUBRECIPIENT must identify all criteria specific to TANF or SNAP only and structure services to those participants accordingly.

Central to successful delivery of services described in this STATEMENT OF WORK is compliance with all provisions of the EARN Program Policy and Procedures Manual (referred to hereafter as “the EARN Manual”), published by PADHS, including any subsequent changes to the EARN Manual. See the EARN Manual for a listing of employment and training activities that SUBRECIPIENT must be prepared to provide for EARN clients. PADHS typically publishes separate manuals for TANF and SNAP participants. SUBRECIPIENT must be familiar with and adhere to both. Although this STATEMENT OF WORK refers to the EARN Manual singularly, both the TANF and SNAP manuals will apply. SUBRECIPIENT must also be familiar and compliant with the PADHS Cash Assistance Handbook and the TANF State Plan for Pennsylvania.

As a provider of EARN services in Allegheny County, SUBRECIPIENT will actively participate with PARTNER4WORK in shaping and informing the local workforce development system. As such, SUBRECIPIENT will maintain current knowledge of and expertise in:

- Federal, state, and local policies, including Partner4Work, TANF, SNAP and their implementing guidance;
- Evidence-based workforce development practices and viable career pathways; and
- Local workforce development programs, services and related resources.
- Pennsylvania’s Combined State Plan for WIOA

2. HEALTH AND SAFETY PLANNING

PARTNER4WORK is committed to ensuring programs are equipped and prepared to operate safely. In delivering EARN and Work Ready services, the selected provider must follow all federal, state, and local regulations regarding health and safety, including but not limited to the Centers for Disease Control (CDC), the Pennsylvania Department of Health, and the Allegheny County Health Department. Provider must establish and maintain a plan to address all operational and programmatic considerations related to COVID-19 or other outbreaks and emergencies, including providing adequate protective equipment and other preventative measures, having a plan for swift action for containment or mitigation, social distancing and limitations on large gatherings, specific protections for vulnerable populations, and any other considerations defined federal, state, and local regulations and Partner4Work.

3. REFERRAL AND OUTREACH

SUBRECIPIENT will accept and engage all eligible client referrals from the CAO for the EARN program, including conducting outreach to clients referred by the CAO to encourage EARN participation and address any questions or concerns before enrollment. SUBRECIPIENT will contact participants prior to their start dates to introduce themselves, describe programming, confirm the participant's attendance, and answer any questions the participant may have. SUBRECIPIENT must make a minimum of three contact attempts if the initial attempt is unsuccessful. SUBRECIPIENT will document all contact attempts, including date, time, result, and method of contact.

SUBRECIPIENT will also conduct outreach and promotion activities directly to the CAO, in close coordination with PARTNER4WORK, educating CAO staff about SUBRECIPIENT's program and encouraging referrals from the CAO to SUBRECIPIENT's program.

SUBRECIPIENT will propose referral strategies that support a coordinated, participant-centered approach, allowing individuals to receive personalized and seamless support. SUBRECIPIENT must be able to partner around integrated referral pathways to support EARN, Work Ready, and SNAP EARN participants with employment, training, and supportive services.

SUBRECIPIENT will conduct a case review for all referrals to become familiar with the client's background and circumstances, including, if available:

- Case narratives (if applicable)
- Agreement of Mutual Responsibility (AMR) – a written individualized document for TANF participants establishing client responsibilities, including participation in approved work and work-related activities
- Employability Development Plan (EDP) – a written individualized plan for SNAP participants documenting a client's employment capabilities, barriers, and support service needs
- Medical information, including physician, clinic and hospital records (if applicable)
- Work, family and social history
- Identified barriers to employment or participation in the EARN program
- Information regarding the client's current and past participation in employment, training and educational programs, including outcomes of such experiences
- Information regarding services the client is receiving from other agencies/providers, and
- Any other pertinent information

The goal of direct outreach to potential clients and partners is to raise awareness regarding the value of EARN participation and encourage eligible individuals to seek a referral from the CAO, through a process known as "reverse referral." SUBRECIPIENT will conduct outreach to potential EARN participants who have not yet received a referral from the CAO. SUBRECIPIENT must have a coordinated referral pathway for community organizations and workforce partners to connect to EARN and Work Ready. SUBRECIPIENT will make every attempt to generate a significant number of reverse referrals to the CAO, although the CAO will make all final decisions regarding referrals to SUBRECIPIENT programming.

4. ENROLLMENT AND ORIENTATION

Upon reporting to the EARN program, SUBRECIPIENT will complete enrollment and orient all EARN clients to program requirements and policies, including all responsibilities of the client and SUBRECIPIENT, resources and staff of the EARN program, work and work-related activities and hourly participation requirements. Orientation must occur within five business days of the participant's referral. SUBRECIPIENT will work with clients to ensure all requirements of EARN program enrollment are completed, including registration in required information systems and completion of forms required by the EARN Manual and PARTNER4WORK.

SUBRECIPIENT may choose the timing of orientation sessions for new EARN cases, pending approval from PARTNER4WORK; however, SUBRECIPIENT should make reasonable attempts to accommodate referred individuals with legitimate scheduling conflicts. SUBRECIPIENT will offer flexible enrollment options for EARN cases unable to participate in SUBRECIPIENT's standard enrollment process, including offsite enrollment. SUBRECIPIENT will make virtual enrollment arrangements available to clients who have the capacity and preference to enroll remotely, subject to guidance and approval from PADHS and PARTNER4WORK. A referred individual must be given every opportunity to enroll in the program and should not be immediately rejected if late for orientation or a scheduled appointment date. It is recommended that SUBRECIPIENT work with the CAO before rejecting a referred individual.

During orientation, SUBRECIPIENT must review EARN policies and participant requirements, including but not limited to:

- The goals and purpose of the program
- The overall approach to reaching these goals including participation in a joint planning process to identify needs and appropriate activities
- Attendance requirements to include hourly requirements, holidays, excused, and unexcused absence policy
- Participant and SUBRECIPIENT rights and responsibilities
- Explanation of how participant progress is tracked and measured
- Information on the grievance procedure
- Confidentiality agreement
- Authorization for release of participant information, and
- Program requirements (lunch, breaks, behavior, dress code, reporting changes, income, submission of paystubs to the SUBRECIPIENT and the CAO)
- Relevant information related to accessing program services through the One-Stop System.

5. PARTICIPATION AND ATTENDANCE

SUBRECIPIENT will ensure EARN clients participate in the EARN program for at least the minimum number of hours as determined by the CAO, recorded on the client's AMR or EDP, monitor the participant's progress in each activity throughout participation, and maintain documentation verifying client participation and attendance in work and work-related activities per the EARN Manual. SUBRECIPIENT will conduct and document participant contacts on all days of engagement in unpaid activity time. This can be done via face-to-face meetings, telephone, or electronic means.

6. ASSESSMENT AND PLANNING

SUBRECIPIENT will conduct a comprehensive household assessment that identifies participant strengths and barriers to employment and family economic security. SUBRECIPIENT will complete this assessment within the timeframe listed in the program manuals'. SUBRECIPIENT will identify as part of the assessment the participant's social indicators of health (SIOHs), including but not limited to:

Social Indicators of Health		
Interests and goals	Household composition	Work experience
Current employment and financial status	Support network	Education
Work Capacity Assessment if required	Childcare and parenting	Pregnancy
Language/literacy (including English proficiency)	General and mental health	Transportation
Food security and nutritional education	Housing	Clothing
Drug and alcohol dependency	Domestic violence	Access to technology
Criminal background inquiry and checks	Criminal history	Digital skills

SUBRECIPIENT will ensure the assessment is comprehensive, but also limits the burden on participants and utilizes known information accessible to SUBRECIPIENT, to reduce duplicative efforts.

SUBRECIPIENT will use the comprehensive household assessment in coordination with the participant to create and execute an Individualized Employment Plan (IEP) in the Commonwealth Workforce Development System (CWDS) within 14 calendar days of completing the participant’s household assessment. The IEP will be a living document, kept up-to-date and accurate by SUBRECIPIENT.

SUBRECIPIENT will develop and use the IEP as the comprehensive plan to:

- Describe goals, objectives, interests, and planned services for the participant, as determined from the assessment.
- Goals and objectives need to accurately reflect services provided, and should be revisited every 90 days with the participant to ensure the plan is up to date.
- Promote strategies to be instituted to address the participant’s barriers and achieve goals to gain and maintain family economic security such as:
 - Treatments (including substance use disorder treatment, mental health treatment, and other rehabilitative treatments);
 - Interventions (including crisis mitigation and barrier remediation);
 - Education;
 - Training and credentialing;
 - Work experience (such as pre-apprenticeship or other unpaid work experience);
 - Community service opportunities; and
 - Job readiness and skills (such as soft skills and employment tools, basic life skills, barrier remediation, career exploration, assessments, and aptitude testing).
- Measure goals, including specific outcomes to be achieved to demonstrate stabilization of the participant’s barriers and needs, the time frame(s) for achieving them, the resources available and to be used to realize the outcomes, and the desires and motivation of the participant that may have an impact on their success.
- If required, work with a multidisciplinary group consisting of a CAO worker or an agent authorized by PADHS and professionals from various disciplines, which may include physicians, psychologists and vocational or behavioral rehabilitation specialists to develop a service plan that meets the needs of the participant.

7. CAREER SERVICES

SUBRECIPIENT will deliver professional, high quality career services to all EARN clients that create opportunities for economic and career success by preparing for, securing and maintaining suitable employment, connecting clients with

employer-driven job placement, education and training options. Such services include but are not limited to career counseling; provision of information and assistance regarding the labor market and available training programs; job readiness, job searching, job placement and retention services; and referral to partner organizations offering further career resources and services, as applicable. In planning and delivering career services, SUBRECIPIENT will employ an evidence-based triage process that effectively assesses clients to determine and provide the most appropriate career services. SUBRECIPIENT will work with PARTNER4WORK, PADHS, and other Allegheny County EARN providers to standardize career assessment tools and practices, and to streamline initial and ongoing assessments for EARN clients.

SUBRECIPIENT will make career resources and information available to clients, including but not limited to current job listings; local labor market information; information on job search methods; lists of current training opportunities; information on partner community services and resources; technology for internet job search and resume preparation; telephones and fax machines for employer contacts; and a schedule of workshops, job fairs, and other events. SUBRECIPIENT will make these and other appropriate resources available to clients virtually to the maximum extent possible.

SUBRECIPIENT will work with and support development of a business engagement strategy for an integrated model of EARN, Work Ready, and SNAP EARN, and other system partners with a unified approach that builds relationships with employers, creates job opportunities for participants, aligns with local labor market needs, and self-sufficiency standards.

SUBRECIPIENT will provide activities and programs that lead to acquiring job-related and job readiness skills, including but not limited to:

To identify and fill employment opportunities, SUBRECIPIENT will utilize broad resources within the local area including but not limited to existing and newly developed relationships and partnerships with local employers, chambers of commerce, employer lead groups, career workshops, job fairs, and registered apprenticeship programs. SUBRECIPIENT will require

participants to meet in-person or virtually with potential employers. SUBRECIPIENT will advocate and advise participants to accept employment consistent with their IEP. For participants involved in the supervised job search activity, SUBRECIPIENT must validate the job search through discussions with the participant, and provide guidance, local labor market information, and instruction in job-seeking skills as necessary throughout the process.

Additional services, if determined appropriate for obtaining or retaining employment as identified by assessment, skill deficiency, or length of unemployment may consist of, but are not limited to:

8. RETENTION SERVICES

Retention services will help EARN clients stay employed and move along a defined career pathway, according to the standards and timeframes defined by the EARN Manual. Retention services involve more than asking for paystubs and attempted contact with clients. Retention services must focus on helping ensure the transition to work goes well. Retention services may include but are not limited to contact to determine work status; counseling regarding the workplace; additional career planning and counseling; job re-placement; and referral to supportive services.

Retention for TANF Participants: SUBRECIPIENT will assist and incentivize participants who obtain employment to achieve satisfactory performance, retain employment, and to increase earnings over time through the provision of retention services. Once placed in employment and the retention period begins, SUBRECIPIENT will contact participant weekly for the first three months and bi-weekly or as often as needed based on the participant's IEP. SUBRECIPIENT will provide retention supports and services for one year after retention starts. SUBRECIPIENT will provide documentation of the participant's retention in qualifying employment at the six-month and 12-month points. This documentation should show the participant is still employed and TANF benefits are closed.

Retention for SNAP Participants: SUBRECIPIENT will assist participants who obtain employment to achieve satisfactory performance, retain employment, and to increase earnings over time through the provision of retention services. SUBRECIPIENT will provide retention services when an individual obtains unsubsidized employment. Retention is defined as a period of 90 days for SNAP Participants. Once the participant is placed in employment and enters the retention period, SUBRECIPIENT will conduct participant contacts biweekly for the full 90 days of the retention period.

9. CASE MANAGEMENT AND SUPPORTIVE SERVICES

Central to the success of the EARN program is quality case management and provision of supportive services that enable EARN clients to overcome barriers to employment and complete the goals of the EARN program.

SUBRECIPIENT will provide case management services to EARN clients throughout their participation in the EARN program, including during retention, according to the standards and timeframes defined by the EARN Manual, which requires SUBRECIPIENT to identify and address clients' social indicators of health. Case management will involve continually assessing and tracking the comprehensive needs of clients and facilitating the coordination of services and supports to address those needs, which may include involvement of multiple agencies and resources, to ensure clients

can fully participate in the EARN program. SUBRECIPIENT will encourage self-determination and individual agency of EARN clients throughout provision of case management to promote self-sufficiency and ensure suitability of services.

SUBRECIPIENT will ensure EARN clients have access to basic supports needed to fully participate in the EARN program, especially individuals with barriers to employment, either by providing supportive services directly or leveraging a referral network of service agencies, according to the common needs of EARN clients. The case management model and related supportive services must incorporate a two generational strategy that intentionally promotes positive outcomes for both parents and children in the family unit, as described in the EARN Manual. SUBRECIPIENT must consider additional, essential approaches to case management and supportive services, including but not limited to culturally and linguistically appropriate services, trauma-informed care and motivational interviewing. SUBRECIPIENT will maintain current information related to such services and supports and refer the participant, the family, or both to the appropriate local community resource(s) to achieve goals identified in the IEP, including but not limited to:

SUBRECIPIENT will work with the selected transportation assistance provider to administer transportation assistance to eligible clients at the direction of PARTNER4WORK, mainly in the form of, but not limited to, bus passes and gas cards, including requesting such assistance, and supporting distribution to eligible clients and tracking usage of assistance.

SUBRECIPIENT will not issue special allowances (SPAL) to EARN clients, but if appropriate, SUBRECIPIENT will assist clients in making requests for SPALs to the CAO, including identifying a community resource to assist with such requests. SUBRECIPIENT will provide clients assistance with requesting a SPAL from the CAO to purchase a vehicle, as appropriate, or other types of SPALs from the CAO, as needed. SUBRECIPIENT will also facilitate a car payment matching program, in accordance with guidance from PARTNER4WORK, whereby participants may be granted additional funds to the SPAL issued by the CAO to purchase a vehicle.

10. COUNSELING SERVICES (TANF only)

SUBRECIPIENT will employ or have arrangements to provide access to licensed professional counselors, social workers, therapists, allied health professionals or a combination of these professionals to provide counseling services and outlets for discussion regarding any and all aspects of a participant's life, inclusive of mental, social, physical, emotional, and behavioral health aspects that may be beyond the scope of regular staff. SUBRECIPIENT must have licensed professionals available in sufficient numbers so that each participant is able to have an introductory 1-on-1 meeting with an appropriately licensed professional. SUBRECIPIENT will require the licensed professionals, or their organization, to respond to participant requests for services within 24 hours. At a minimum, the response must include documented outreach to schedule an appointment. SUBRECIPIENT will require the professional to have flexible hours of contact, including but not limited to weekends and after "traditional" work hours. SUBRECIPIENT, in partnership with local CAO staff, must conduct Direct Service Team meetings (DST). The meetings must be conducted at an established frequency. The purpose of the DST meetings is to discuss progress, challenges and barriers for individual clients with CAO and jointly determine the correct course of action. Topics to be covered at DST meetings include but are not limited to client outreach, enrollment, client barriers and challenges, service plans, client activities and progress, hours of participation, client incentives and terminations. SUBRECIPIENT will produce a report of DST meetings, which will be available upon request to PARTNER4WORK and CAO.

12. TRAINING, EDUCATION AND CREDENTIALING SERVICES

SUBRECIPIENT will implement an approach to training, credentialing, and education services for EARN clients in close coordination and consultation with PARTNER4WORK, and One-Stop PA CareerLink® partners driven by in-demand employment opportunities that provide career pathways and self-sustaining wages. SUBRECIPIENT will ensure that participation in training, credentialing, and educational programs is well-aligned with AMR or EDP requirements and provides a meaningful opportunity for clients to progress toward goals of IEPs. Eligibility to participate in training, credentialing, and education services will be determined by the CAO and must comply with the provisions of the EARN Manual.

PARTNER4WORK prioritizes the achievement of industry-recognized credentials by EARN clients that reflect valuable and marketable skills directly related to employment and expects that SUBRECIPIENT will do the same. SUBRECIPIENT will utilize a combination of in-house and external activities to provide clients with the opportunity to obtain an EARN-recognized credential, making opportunities available in multiple participation formats to increase client access, including virtual, remote, offsite and onsite. Activities leading to an EARN-recognized credential may include but are not limited to vocational education, On-the-Job Training (OJT), Paid Work Experience (PWE) and other activities deemed suitable by PADHS and PARTNER4WORK. All credentialing activities are subject to PARTNER4WORK approval and must be submitted to PARTNER4WORK to receive recognition as a credentialing activity under this Agreement. PARTNER4WORK will work with PADHS to determine which credentialing activities lead to credentials that are EARN-recognized using the following definitions and guidelines, among other factors:

- Credentials consist of an industry recognized certificate or certification, a certificate of completion of a registered pre-apprenticeship, a license issued by the Pennsylvania Department of State or Federal Government, or an associate's or baccalaureate degree. Credentials measure competence in core content and performance standards in a specific set of work-related tasks. The work-related tasks and assessment must connect with workforce demands. Credentialing programs must effectively address the following, as determined by PARTNER4WORK and PADHS:
 - Credentialing area: A statement explaining what marketable, valuable skill(s) are earned when the program is completed.
 - Program's value: Justification of why the credential is valuable in the local area, and how developing the skill will improve the participant's chance of gaining employment in a high priority occupation for the area and moving towards family economic security.

 - Curriculum: The subjects that the credentialing program will cover.
 - Syllabus: A day-to-day outline of the progression of the program, including time frames, detail on how the curriculum will be taught, and the goal of each lesson.
 - Assessment: The methods to be used in measuring participant progress.
 - Statement of study time requirements (if applicable): Study time will not automatically be granted. If a participant is required to study outside of class time, study time requirements must be well-described and directly connected to participant progress in the program.

As appropriate, and as allowed by applicable rules and regulations, SUBRECIPIENT will provide or connect EARN clients with adult basic education and remediation services who require such services in order to participate in training or obtain meaningful employment. SUBRECIPIENT will also ensure participants have reasonable access to secondary equivalent opportunities, defined as participation in and completion of a credible high school equivalency (HSE) program. The structure of the HSE program must be suitable to the participant's knowledge base and learning style based on SUBRECIPIENT assessment. HSE can be obtained through the General Equivalency Diploma (GED) exam or High School Equivalency Test (HiSET). PARTNER4WORK may select a third party to deliver adult education services to EARN

clients, in which case SUBRECIPIENT will work closely with the selected service provider to facilitate client participation and related outcomes.

SUBRECIPIENT will develop and maintain strong connections with employers to facilitate work-based training opportunities that result in EARN-recognized credentials and provide meaningful opportunities for clients to obtain sustainable, unsubsidized employment.

SUBRECIPIENT will facilitate selection of, application to, and participation in external vocational training programs, as appropriate, including counseling clients on training opportunities and related career pathways and maintaining close communication with training providers. In considering vocational training for clients offered by external providers, SUBRECIPIENT will follow all guidelines established by PARTNER4WORK and PADHS to determine client eligibility, readiness, and suitability.

TANF Training Vouchers (TANF only): PARTNER4WORK intends to make funds available to SUBRECIPIENT and other providers of EARN services on a first-come, first-served basis to cover all or part of client tuition costs for external vocational training programs, depending on the availability of funds, and in accordance with PARTNER4WORK guidelines issued to SUBRECIPIENT. These funds will be held by PARTNER4WORK, not included in SUBRECIPIENT's program budget, and only made available for use by TANF clients of EARN. For a client to be eligible to receive tuition support from PARTNER4WORK, SUBRECIPIENT must submit an application to PARTNER4WORK on the client's behalf, the content of which will be defined by PARTNER4WORK, to be reviewed and approved by PARTNER4WORK on a case-by-case basis. SUBRECIPIENT will communicate closely with PARTNER4WORK to determine the status and availability of funds to cover all or part of client tuition costs for external vocational training programs. PARTNER4WORK is not obligated to make any funds available to cover client tuition costs for external vocational training programs.

13. COMMUNITY SERVICE

SUBRECIPIENT will identify, establish and coordinate Community Service (CS) activities for EARN clients, in accordance with the EARN Manual. CS is a beneficial activity available for individuals with minimal work history or who live in communities with limited employment. CS allows individuals who receive TANF the opportunity to work in their community and gain valuable work experience. SUBRECIPIENT will build organizational and community partnerships to ensure EARN clients have access to quality CS opportunities that provide meaningful work-related experiences. The CAO calculates the number of weekly hours an individual may participate in CS, which must be listed on the Agreement of Mutual Responsibility (AMR). A Community Service Agency Agreement (PA 1694) conveys the maximum number of weekly hours of participation. Upon agreement by the CS agency and the client, this form must be submitted to the CAO to identify the location of the CS site and describe the job duties.

14. CLIENT INCENTIVES (TANF only)

Client incentives are positive reinforcements to promote TANF client participation and achievement. Incentives are available to clients upon meeting an objective or standard. Incentives are not based on need. SUBRECIPIENT will administer, distribute and document all incentives to EARN clients in accordance with the EARN Manual and PARTNER4WORK policies and protocols. SUBRECIPIENT will maintain a list of all incentives issued that includes the following information, at minimum: amount and type of incentive issued, name of individual receiving incentive, date issued and reason for issuance of incentive. All incentives given to a participant should also be recorded in the CWDS case narrative. The issuance of client incentives is subject to monitoring. To be eligible for an incentive, an EARN participant must be enrolled, in compliance with required hours and meeting all other program expectations, including expectations regarding conduct and active involvement in activities. SUBRECIPIENT must maintain and submit to PARTNER4WORK an up-to-date plan detailing planned use of client incentives.

SUBRECIPIENT must provide consistent access for clients during normal business hours, and maintain a safe, professional and Americans with Disabilities Act (ADA) compliant environment for EARN participants and staff.

SUBRECIPIENT will provide access outside of normal business hours and in community settings to accommodate the needs of EARN clients, as appropriate and as capacity allows. Additionally, SUBRECIPIENT will work closely with PARTNER4WORK to identify and integrate services and enhancements that help to better serve job seekers.

SUBRECIPIENT will work with PARTNER4WORK to select quality candidates for partnership opportunities that include occupational training, work-based training, employment and/or additional opportunities. SUBRECIPIENT will transfer identified participants to the SNAP 50/50 program who have been thusly identified. While PADHS reimburses partner organizations for expenses related to SNAP participants, some partner organizations may provide a similar package of services to TANF participants. SUBRECIPIENT may refer TANF participants to partner organizations but will not characterize the referral as a “SNAP 50/50” or a “50/50” referral. SUBRECIPIENT will build organizational and community partnerships to ensure Work Ready clients have access to quality CS opportunities that provide meaningful work-related experiences. The CAO calculates the number of weekly hours an individual may participate in CS, which must be listed on the Agreement of Mutual Responsibility (AMR). Appendix E – Overview of Administrative and Budget Narrative Requirements

Overview of Administrative Requirements

At a minimum, all subrecipient organizations must meet the Standards for Financial and Program Management found at 2 CFR 200 in the OMB Uniform Guidance, as well as any regulatory requirements related to the funds. Your organization's financial management system must provide for the following:

1. Tracking spending on multiple individual funding streams

Identification, in its accounts, of all Federal awards received and expended and the Federal programs under which they were received. Federal program and Federal award identification must include, as applicable, the CFDA title and number, Federal award identification number and year, name of the Federal Agency, and name of the pass-through entity (i.e., Partner4Work).

2. Fiscal reporting on an accrual basis

Accurate, current, and complete disclosure of the financial results of each Federal award or program in accordance with the reporting requirements set forth in 2 CFR 200.327 Financial Reporting and 200.328 Monitoring and Reporting Program Performance. If a Federal awarding agency requires reporting on an accrual basis from a recipient that maintains its records on other than an accrual basis, the recipient may develop accrual data for its reports on the basis of an analysis of the documentation on hand. Similarly, a pass-through entity must not require a subrecipient to establish an accrual accounting system and must allow the subrecipient to develop accrual data for its reports on the basis of an analysis of the documentation on hand.

3. Maintaining documentation supporting all spending and assets

Records that identify adequately the source and application of funds for federally-funded activities. These records must contain information pertaining to Federal awards, authorizations, obligation, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

4. Maintaining internal controls that ensure compliance with all funding regulations

Control over, and accountability for, all funds, property, and other assets. The non-Federal entity must adequately safeguard all assets and assure that they are used solely for authorized purposes. See § 200.303 Internal Controls.

5. Producing a budget to actual report

Comparison of expenditures with budget amounts for each Federal award.

6. Processing payments on a reimbursement basis

Written procedures to implement the requirements of § 200.305 Payment.

7. Budgeting and spending funds in allowable cost categories (i.e., direct, indirect, program, and admin costs)

Written procedures for determining the allowability of costs in accordance with Subpart E - Cost Principles of this part and the terms and conditions of the Federal award.

Budget Narrative Instructions

The budget narrative must provide a description of costs associated with each line item in the budget template. It should also include a description of leveraged resources provided (as applicable) to support grant activities.

In addition to a description of costs included in each line item on the budget template, please include the following in the budget narrative:

Personnel: List all staff positions by title (both current and proposed). Give the annual salary of each position, the percentage of each position's time and salary devoted to the project, and the total personnel cost for the period of performance.

Fringe Benefits: Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, FICA, retirement, etc.

Other: Provide clear and specific detail, including costs, for each item so that Partner4Work can determine whether the costs are necessary, reasonable and allocable. List any item not covered elsewhere here.

Indirect Costs: If you include indirect costs in the budget, then include one of the following:

a) If you have a Negotiated Indirect Cost Rate Agreement (NICRA), provide an explanation of how the indirect costs are calculated. This explanation should include which portion of each line item, along with the associated costs, are included in your cost allocation base. Also, provide a current version of the NICRA.

or

b) If you intend to claim indirect costs using the 15 percent de minimis rate, please confirm that your organization meets the requirements as described in 2 CFR 200.414(f). Clearly state that your organization has never received a Negotiated Indirect Cost Rate Agreement (NICRA), and your organization is not one described in Appendix VII of 2 CFR 200, paragraph (D)(1)(b).

Applicants choosing to claim indirect costs using the de minimis rate must use Modified Total Direct Costs (see 2 CFR 200.68 below for definition) as their cost allocation base. Provide an explanation of which portion of each line item, along with the associated costs, are included in your cost allocation base. Note that there are various items not included in the calculation of Modified Total Direct Costs. See below the definitions to assist you in your calculation.

2 CFR 200.68 Modified Total Direct Cost (MTDC) means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of \$25,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs.

The definition of MTDC in 2 CFR 200.68 no longer allows for any sub-contracts to be included in the calculation. You will also note that participant support costs are not included in modified total direct cost.

2 CFR 200.75 Participant Support Cost means direct costs for items such as stipends, travel allowances, and registration fees paid to or on behalf of participants or trainees (but not employees) in connection with conferences, or training projects.

See Section IV.B.4. and Section IV.E.1 for more information. Additionally, the following link contains information regarding the negotiation of Indirect Cost Rates at DOL:
